EMPLOYMENT OPPORTUNITY

Entry-level Civil Engineer

Anderson Bogert has an immediate opening for an Entry-level Civil Engineer.

Are you interested in working for a local company where you and your skills will be noticed?

Anderson Bogert is a general civil engineering firm with an emphasis in transportation, municipal, sanitary, storm sewer, and residential and commercial site development design. Our firm is committed to providing professional and relationship-based engineering services. Anderson Bogert provides technical experience in specialized civil engineering and planning services, with a focus on a high level of personalized service for our clients. Our working environment features a close-knit team approach.

Anderson Bogert is seeking qualified applicants for a **full-time Entry-level Civil Engineer** to be a part of our team.

We are seeking an **Entry-level Civil Engineer** to fulfill a variety of civil assignments including:

- Municipal design
- Sanitary and storm sewer design
- Residential and commercial site development
- Construction Observation
- Other civil design

Duties

- Prepare conceptual designs and detailed construction plans and specifications
- Prepare work plans and proposals
- Perform calculations and engineering evaluations
- Interpret and present data
- Interact with clients, vendors, and contractors in both management and consultant roles
- Work with engineers, CAD staff, and support staff to accomplish projects

Basic Qualifications

- Bachelor of Science degree in Civil Engineering
- E.I./E.I.T. registration or the ability to become registered within six months
- Excellent communication and writing skills
- Strong technical skills
- Valid Iowa driver's license, and insurability approval by Anderson Bogert's insurance provider
